

CHARTERED ACCOUNTANTS

Why Choose planIT Services Limited?

Expertise

Anyone can call themselves an accountant even if they have no formal qualifications. Unlike many of our competitors, we are a PCG accredited firm of Chartered Accountants, regulated by the Institute of Chartered Accountants in England and Wales. You will get only the highest standard of professional advice from us.

Experience

Since 1996, over 15,000 contractors have chosen us to act for them and we have built a proven track record of providing efficient and compliant services. The overwhelming majority of our new contractors come from referrals and we are proud of our high customer satisfaction levels.

Complete Service

Our comprehensive service covers everything you need to make managing your own limited company as simple as possible, from company formation to corporation tax returns. There are no hidden extras.

Money

Our fees are structured in such a way as to remain competitive but, more importantly, to enable us to provide a premium level of service. Our advice will ensure you retain the highest amount of your income possible without risk.

Time

planIT will reduce the time you need to spend managing your finances leaving you free to concentrate on your contract with the peace of mind that comes with taking advice from specialist accountants.

Personal Accountant

All planIT Services contractors are assigned a dedicated member of our accountancy services team. We pride ourselves on our unrivalled level of service and quality of advice. With planIT Services, you can rest assured that you will be put straight through to your qualified accountant whenever you call.

Technology

Shared access online software ensures you can easily manage your finances in minutes a week, while at our end, real accountants do your accounting. It's everything you need in one place. planIT Services is the largest Iris FreeAgent provider in the UK. Those already using FreeAgent can transfer to us seamlessly and new clients can choose Iris OpenBooks (FreeAgent) within our standard fee structure.

Compliance

At planIT, we spend a great deal of time and effort to ensure that our contractors comply with all current company and tax legislation whilst ensuring that they achieve maximum tax efficiency. We are Freelancer and Contractor Services Association (FCSA) members, a small, elite group of providers subjected to a rigorous review process conducted independently by KPMG - one of the 'big four' accountancy practices.

Referral Bonuses

Once you engage planIT Service Limited you are eligible to earn bonuses from referring friends or colleagues to our services. The bonus is £100 for each successful referral and we often run special referral promotions offering additional incentives.

Choice

We don't operate a one size fits all approach; we treat every client individually and we'll identify the service which best suits you. We have two services for contractors operating their own limited company and administer several employment services 'umbrella' companies. Each contracting option has its own merits and the correct option depends on the circumstances relating to your personal case.
